L A S E R T R E A T M E N T S

FAST. EFFECTIVE. LONG LASTING.
ALL WITH MINIMAL DOWNTIME.

IPL FOTOFACIAL

This breakthrough laser technology uses Intense Pulsed Light to correct brown spots, broken capillaries, and blemishes on the face and body.

RESURFX

Rejuvenate and tighten your skin with a gentle laser treatment that stimulates the deep dermis and increases collagen production.

HALO HYBRID FRACTIONAL LASER

Halo is the first Hybrid Fractional Laser that delivers both ablative and non-ablative wavelengths to treat pigment, enlarged pores, texture, fine lines, and wrinkles on all skin types.

MICROLASERPEEL

The Sciton MicroLaserPeel employs a precision head for perfect coverage, uniform ablation and reduced discomfort. Choose from a wide spectrum of gentle or aggressive peels to achieve results that fit your lifestyle—ideal for patients with little downtime to spare.

LASER HAIR REMOVAL

Permanently reduce unwanted hair with every treatment.

BODY SCULPTING

OUR SKILLED CLINICIANS USE THE LATEST
FDA-APPROVED METHODS TO HELP IMPROVE
THE CONTOUR OF YOUR FACE AND BODY.

COOLSCULPTING

A non-invasive cooling technology that safely freezes and permanently eliminates fat around the waist, back, arms, and legs. An excellent alternative to liposuction for patients who prefer a non-surgical approach with no downtime.

KYBELLA

The only FDA-approved injectable treatment to permanently remove fat under the chin, refining your jawline and improving your profile.
